2.0 SUSTAINABLE PROCUREMENT PREFERENCE

2.1 TransLink is committed to maximizing its' supply chain to innovate, reduce environmental impacts, including GHGs emissions, and support Indigenous reconciliation through a diverse and inclusive supplier community with progressive practices that creates value for the TransLink Enterprise and region.

2.2 Sustainable procurement integrates social and environmental priorities – alongside financial considerations – into the selection of goods, services, suppliers, and the management of contracts.

2.3 Goals of the Sustainable Procurement Strategy:

1. Achieve our climate and environmental management goals and targets
2. Ensure a minimum of five percent of our active contracts are with Indigenous-owned and operated suppliers (directly / sub-contractors) by 2030
3. Invest in a diverse supplier community (directly / sub-contractors):
    a. accessible to diverse-owned and operated suppliers, such as women, and minority-owned
    b. accessible to small suppliers (<50 employees)
4. Establish High Impact Procurement Opportunities (HIPOs)
5. Improved policy, processes, and capability of our people
